A frank, funny, and insightful account of an Australian family's new life in Paris

When Australian Jane Paech moves to Paris, her visions of afternoons in bijou bistros and bookshops on the Left Bank are kept in check by the needs of a young family and a long to-do list that includes apartment-hunting, school selection, and multiple trips to IKEA. Through a collection of sharp observations, insightful travel articles, and laugh-out-loud anecdotes, *A Family in Paris* conveys the joys and difficulties of living in this most famous of cities. It introduces us to the Parisians and their eccentricities, explores the intricate rituals of daily life, and takes us beyond the well-trodden tourist sites to the best eating spots, boutiques, museums, and markets that only a local could know about. Frank, intimate, and beautifully photographed, *A Family in Paris* is about making a home in a strange land, finding a community, and discovering the joy of renewal.

Do you wish you lived in Paris?

By EMom in PA

If you are curious about what it would be like to live in Paris, this is a book for you. It gives you a realistic picture of some of the hurdles you will need to deal with if you move from the U.S. to France. You will probably not end up with a large group of French friends, especially if you are not fluent in French. But Paris can be a charming, exciting, and addictive place to live.
