Clean romance

By lilacqueen75

Originally published in the Timeless Romance Anthology: Winter Collection, Donna Hatch weaves a swoony romance with a dash of mystery. I always look forward to her stories, as they allow me to escape. She does a fantastic job with the setting and the time period. Clarissa is a curious girl by nature and it's fun to watch her story unfold. I would love this to be full-length!

Content: mild romance. Clean!

Sweet story

By Nathan J.

I read this as part of winter collection (a timeless romance). It was a sweet short story. I could see the potential of making this into a full length novel. I enjoyed it. My only complaint was the first events took place over about a day. I would imagine that it would make more sense for these people events to be occurring over at least a week or so.
