5 deeply sexy stars!!! What a great debut book by Dani Rene'....I'm hooked!

Talk about love triangle!! I've read quite a few love triangle books, but I'll say this one has to be one of my top 5 favorites!! Emily has had a rough past and leaves her life behind to start a new one in New York. While there she lands her dream job, where she can showcase her talents. Her boss Tristan is dark and brooding and swears he's never loved anyone and he has no intentions of ever loving anyone. But that's all thrown out the window the minute Emily walks into his office. And well, she can't deny the attraction for Tristan either, well until a handsome stranger swoops in.....

What a freaking fantastic book!!! And like Emily I'm torn between Bash and Tristan and I refuse to choose.....a girl can have both right?? Great debut novel and I can't wait to read more!! - Melissa from Alpha Book Club -----I have to admit I started Ace of Hearts with fairly low expectations with this being the debut novel by Dani Rene. I can promise you I will not make that mistake twice, this book contained all the polish of a seasoned professional. It hit on all cylinders, the story was thought out, the characters were well developed and the sexual chemistry will have you grabbing either your partner or a cold shower.

I normally do not get too enthused over love triangle stories but the slick way this one developed along with the competition between the two male suitors had me hooked instantly. Triston and Bash are a great dilemma, they are both very similar yet also extremely different. This happens often with brothers, had I forgotten to mention that tidbit, and there is no rivalry like a family one. Poor young, beautiful Emily has her head spinning and her lady parts throbbing, lucky for her she wins regardless of her choice in my opinion.

The Devil awards this book 4.5 stars and is eagerly looking forward to the next story by Dani Rene

Review by Frank Atkins for Two Feisty Angels and A Devil Blog -----Emily Reid has picked up her life and moved to New York to peruse her dream job. When she lands it, little does she know the amount of trouble she is causing herself. Her boss, Triston Hart, is your typical CEO - tall, dark handsome (tattooed) and not into love. He doesn't do it after his own heartache, but when Emily walks into his office he is drawn to her in a way he can't describe.

While dealing with an event for work, Emily comes across Sebastian aka Bash. Sexy, funny and seriously good looking she is swept off her feet by him and his laid back attitude. Cue the love triangle and all sorts of issues that come with it.

The question is who will she choose, especially once her past rears its ugly head and threatens to ruin the new life she has built for herself?

I must be honest and say I struggled reading this book. I am not a fan of love triangles due to my own "old fashioned" ways I guess but seen as I've never read one before, I thought I would go out of my comfort zone and give it a try. Good lord how I wanted to punch Emily and her indecisions. I did not agree with some of her views and I found her scenes with Bash hard to take as I fell completely for Triston and he is the one I would choose. And her sex scenes with Triston - OMG what that guy can do! My old fashioned values kicked in with Bash and I didn't like Emily with him although he clearly appealed to her more care free and adventurous side.

I have given this book 4 stars because the writing is fantastic and the characters are very well developed. The book is paced perfectly and does keep you guessing and if you are a fan of love triangles then I urge you to read this as you will love it. I will definitely be reading more from this author and look forward to her next release. - A Book Lover's Emporium Book Blog

I was excited to read this book and would recommend it to anyone looking for a fast paced read. It has a lot of Hart. ;)

Ace of Harts by Dani Rene

Emily Reid has a past. Who doesn't. The difference is she escaped her past and moved to the big city. In three weeks' time she lands a job after a not so conventional interview with the dark, brooding Triston.

Triston Hart has no intention of falling in love. But when he met Emily he starts working his way into her life. He can't stop himself from kissing her after some mild flirtation and it goes from there into something deeper and more importantly.... loving.... relationship building.

On site for a job Emily also meets Sebastian. A sexy guy who provides for the coffee addiction of women all over. But he's interested in Emily. How will this love triangle play out? And will the hot and wanting Triston win the hand of the beautiful Emily or will the sexy attentive Sebastian win out?

When Emily's past invades her present, she isn't ready for it. After a slow start I was wondering when it would advance through the story. But I didn't have long to wait. The book picked up pace and went for a run. Steamy, with a little brother triangle, a push from one man back to the other.

The writing is great and the characters are well thought out. I was excited to read this book and would recommend it to anyone looking for a fast paced read. It has a lot of Hart. ;)

A Must Read!

By heather

Emily has worked hard to get out of her small town and complicated past. She landed her dream job in New York, and has the life she has always dreamed about. She is a strong full of sass woman, who doesn't mind giving her opinion.

Soon she finds herself being pursued by two sexy brothers. Triston (Emily's boss) is controlling and bossy, while Bash is casual and very laid back. The problem is they hate each other, and have no plans of making this an easy decision for Emily. I love the chemistry she has with each brother. When one pushes, the other one pulls her in. But all things must come to an end, and Emily does have to choose.

This was an amazing story and hot as hades. Dani doesn't disappoint with the phenomenal sex scenes. This story has everything you could ever need and want from a book.

Hot read!

By Mariza van Wyk

Well, helllllooooo there, Tristan Hart...AND Bash of course!

Woweeeee, can you say HOT?! Every few pages I had to fan myself! I think my Kindle almost melted in my hands!

My second novel by Dani René and she doesn't disappoint with this hot read!

Emily Reid just moved to New York City, to start over and lands a great job as event planner at a Je Te Veux Events.

"I walked into his office, prepared, but unprepared for what met me on the other side. Completely stunned by how young and handsome he was. His piercing blue eyes seemed to look right into my soul. He unnerved me."

Emily & Tristan ♥

Her boss...mmmm...Tristan Hart is a very complex alpha male, with a lot of issues.

It's clear to her that he doesn't know what he wants. Not yet, anyway.

"His smile grew and I saw a naughty glint in his eyes again. "Oh, Miss Reid. I would give anything to hear you beg." His voice a deep husky whisper. Hot molten lava trickled from my abdomen collecting between my legs."

Emily & Tristan ♥

Bash Hart, Tristan's estranged brother, makes it clear from the start that he wants Emily and as the story unfolds, Tristan and Emily's relationship grows into something far more serious than they anticipated. She loves Tristan but she also have deep feelings for Bash.

Soon the past catches up with Emily and the Hart Brothers have to stand together to protect the woman they love.

Love-triangle, messy love and steamy kisses (and then some!) are what makes this book a big yes for all romance addicts!
