BEARLY TAMED (BBW SHIFTER SECURITY ROMANCE) (BIG PAW SECURITY BOOK 1) BY BECCA FANNING PDF

Linnie Foster never wanted to be an informant: she just wanted to be a nanny. Read a few bedtime stories, kiss a few boo-boos and maybe give a bubble bath or two. At first she thought things were great. The family paid her suspiciously well: in hindsight that should have been a warning. But here she was, on the run and under the protection of a strange man with beautiful golden eyes. Just when she thinks things can't possibly get any worse...

Cain DuMont has seen some shit in his life. His military background prepared him for this new realm of private security contractor. Being a Bear Shifter, you could say he was born to do it. Everything was going easy until his team got called in to handle a woman who was being hunted down by the mafia. Little did they know that she was going to be hunted in a literal sense...

This author has a bad habit of not finishing her books

By ReadingFiend

This author has a bad habit of not finishing her books. I've read many and sadly none of them have a true ending. Many of the stories are cut-and-paste copies of each other. Literally, down to the same green underwear the character wore in one story, the love scene is copied and pasted in another story. I suppose it's good the author thought to change the names. All the stories, except the first are also the same stories as in The Complete BBW, Shifter, Paranormal Romance Reader. So if you've already read that book, save your money and pass on this one.

Bearly Tamed left me wanting more!

By Audrey Krippendorf

I received a free copy for my honest review. It is a good start to the series. I am not real fond of serials in one book. The characters have started to develop but need more development into their nature. The chemistry between Cain and Linnie is very hot. Cain is not real open about himself and Linnie is scared of her future.

I enjoyed the first in this book but it was very short and left me hanging after some seriously hot, steamy sex!

Disappointed

By LINDA ALLEN

I was very disappointed in this book. Big Paw Security was only 5 percent of this book. Cut and paste was all thru this book and had a story in there twice. I was very disappointed and I read a lot. I don't think it even deserves 1 star.
