CHARCOAL MADE EASY

By AugustBound

Honestly, I hated charcoal but this way it's like painting and shading I don't hear the nasty scraping anymore! - MY biggest PROBLEM. This Book was extremely informative, and the attention to detail is amazing. Definitely recommend to artists.

Not enough information

By Aeval

It was ok , I wouldnt pay 20 dollars for a 60 page book , I got the kindle edition. I still had questions, I emailed the author but got no reply. Some of the ideas were good in it but I think it should have gone into more detail also more than just one example.

Beginning charcoal painting

By James Carroll

This book is wonderful. I really like the style he has adapted for painting with charcoal. I agree with an earlier reviewer that this needs more examples. I wouldn't mind seeing a DVD or YouTube videos on this technique.
