Every publication will certainly always provide ideal sources to get the reader all finest.

Review

"I find that Walsh's text is a great value for the price in that it encompasses a number of criminal justice topics, a strong theoretical discussion, and dedicates chapters to the integrated approach of criminology. [It also features] an interdisciplinary approach that integrates rather than separates the theories [and] a comprehensive student study site that challenges the student to move beyond the classroom and textbook." (Erin Conley-Monroe 2007-07-03)

"I was impressed after reviewing the table of contents that Walsh included separate Chapters on Terrorism and Drugs . . . I felt that Walsh's writing is very sophisticated and better organized with regards to Chapters than [the competition]. I really liked how the interdisciplinary approach is explained and the organization/choice of theories covered.... It addresses Criminology more at the interdisciplinary approach and explains why that is important.

I [also] find Sage's [student study site at www.sagepub.com/criminologystudy] to be thorough and easy to navigate. Walsh is a much better value for the price." (Cathryn Lavery 2007-07-03)

About the Author

Anthony Walsh, Professor of Criminology at Boise State University, received his PhD from Bowling Green State University at the ripe old age of 43. He has field experience in law enforcement and corrections. He is the author of over 150 journal articles/book chapters and 34 books, including *Biology and Criminology* (Routledge, 2009), *Feminist Criminology Through a Biosocial Lens* (Carolina Academic Press, 2011), *Law, Justice, and Society* (with Craig Hemmens, Oxford University Press, 2011), *Correctional Assessment, Casework, and Counseling* (with Mary K. Stohr, American Correctional Association, 2011), *The Neurobiology of Criminal Behavior: Gene-Brain-Culture Interaction* (with Jon Bolen, Ashgate, 2012), *Corrections: The Essentials* (with Mary K. Stohr, SAGE, 2012), *The Science Wars: The Politics of Gender and Race* (Transaction, 2013), *Criminological Theory: Assessing Philosophical Assumptions* (Anderson/Elsevier, 2014), *Biosociology: Bridging the Biology-Sociology Divide* (Transaction, 2014), and *Criminology: The Essentials* (Sage, 2015). His interests include the biosocial criminology, statistics, and criminal justice assessment and counseling.

Lee Ellis received his Ph.D. from Florida State University, Tallahassee, and is a professor in the Department of Sociology at Minot State University. Main courses taught by Dr. Ellis include social research methods, criminology, social stratification, anthropology, and sociobiology.

CRIMINOLOGY: AN INTERDISCIPLINARY APPROACH BY ANTHONY WALSH, LEE ELLIS PDF

This unique text offers an interdisciplinary perspective on crime and criminality by integrating the latest theories, concepts, and research from sociology, psychology, and biology. Offering a more complete look at the world of criminology than any other existing text, authors Anthony Walsh and Lee Ellis first present criminological theory and concepts in their traditional form and then show how integrating theory and concepts from the more basic sciences can complement, expand, strengthen, and add coherence to them.
