Aya Nakatomi-

It's been six long years since Aya Nakatomi and her friends brought an end to the Suteckh menace. But now the legendary Rohad finds herself in an even greater threat. Rumors have surfaced of the return of an ancient evil. And the more she investigates, the more certain the rumor becomes. Now Aya finds herself in a race against time as she battles to keep the Onaga threat from becoming a reality.

Selene Nakatomi-

Selene still has nightmares. Horrible visions of her past life as the Blood Empress. She wishes that death could bring an end to her suffering, but instead of death, she gets a second chance from the most unlikely of sources.

Now on a quest for retribution, Selene sets out to her uncertain future.

Aldair Lanika-

Aldair wishes he could remember his past. Wishes he could understand why he holds sway over holy wielding even though he's not a wielder.

His childhood is nothing but a blur, but his future is clear. Find the woman once known as the Blood Empress. Selene Nakatomi.

My family loved it.

By Angad Dubashi

I read this books to my kids. They all loved it. It certainly helps that we're all anime fans. Element Wielders has always been a series that draws heavily on anime.

Pros-

- Compelling characters
- Fast paced story that never stagnates
- The scenes all flowed one from the other in good form.
- perfectly sets up the new threat (Onagas) while delivering a stand alone book that can hold its own by itself.
- A perfect story for kids, young adults, and adults. it delivers to all genres without any inappropriate

material for anyone.

Cons-

-Not enough of Selene.

-Minor nitpick, but Larika seemed a bit rushed. Would have loved to see a bit more of her and her backstory. but since she was a minor character, I may be asking for too much.

All in all a great purchase.

Gripping from the beginning to the end.

By John Finences

Completely gripped me from the beginning to the end. Suspense, Darkness, Drama, Romance, and action. There is a lot to love here.

Here we follow the story of Aya. She's not the same as before. The six years since the Void Wielder Trilogy have left her shattered in a way. Life has been hard, and this reflects in her, somewhat cynical view of life. And I really found myself rooting for her to discover that girl she once was.

I don't want to ruin anything, but I'll leave it that everything came to a satisfying conclusion, while driving the story toward its next chapter.

The author already revealed in his newsletter that the next story will be taking place in the Water capital of Shiluk. I can't wait to see where that takes us.
