Review

"A police captain, Tom Walker looks at the ghetto from the fire escape, so to speak..." -- New York Times

"Could hardly be more gutsy--chase, gun fights, murder, arson, rape...And the men come alive as individuals." -- Publishers Weekly

"Episodes that put made-up horror stories in a class with lullabies." -- San Francisco Examiner

Excerpt. © Reprinted by permission. All rights reserved.

From the foreword:

Once upon a time in the awe-inspiring city of New York there existed in the verdant borough of the Bronx a square mile police precinct that rivaled the legendary intrigue of the Casbah, that made Dodge City and Tombstone appear to be family towns, a place that found its only equal in the grassy plains of Custer's last stand, a precinct that came to be affectionately known to the four-hundred police officers who manned this historic and tiny outpost as "Fort Apache".

True story of the NYPD busiest and deadliest precinct

By A Customer

Written during the early 1970's, Fort Apache captures in vivid detail what it was like to work in the then busiest and deadliest precinct in New York. Walker describes the neighborhood and the cops who police it with uncanny accuracy. You will ride along with him to shootings, stabbings, muggings, and homicides. Walker captures the frustration and the dedication of the cops assigned to the 41st as they race from call to call in the seemingly endless parade of crime. A must read for those who enjoy true police stories.

Fort Apache - True Grit!

By Sally Mobile

Walker's days in Fort Apache coincide with my growing up years in the South Bronx. Yes, the Bronx was burning! And yes, there were crooks and there were caring, kind people who'd give you the shirt off their backs. This book is gripping and filled with unbelievable stories, however, as we Bronxites know, very real. My hat's off to you Tom Walker. I highly recommend this book!

The Bronx was burning.

By S. Currie

Dated piece of police pulp, if you've ever seen Assault On Precinct 13 you might think this is a movie script. "True" stories, and a few of them will stick with you long after you read this. Grim and nightmarish at parts, hokey at others. Hard to recommend, unless you are a cop...in which case, you probably don't need this book to make you paranoid.
