AHA HS First Aid/CPR/AED

By Mark Boswell

This is an excellent course book for teaching/learning community level (heartsaver level), citizen/bystander CPR/AED and First Aid. Useful for people involved with youth groups, civic groups, those who may be acting like "first responders" etc. Very well written, easy to read, understand and learn from. Main points are reinforced with multiple scenarios and "bullet points". A great resource to keep at home as well for reference. I have taught this course many times and all the students give high praise for this manual/workbook. Retail \$15 from American Heart Association authorized distributors (eg: [...])
