Monographs) By Peter Poellner And also now, we will certainly introduce you with the on the internet book
[Nietzsche And Metaphysics \(Oxford Philosophical Monographs\) By Peter Poellner](#) in this website.

Review

"Poellner brings philosophical learning of an impressive scope to bear on his reading of Nietzsche, situating
his views in relation to those of his intellectual forbears and testing them against those of contemporary
analytic philosophers."--The Review of Metaphysics

"...those wishing to discover a "new" yet "traditional" Nietzsche may easily encounter him in Nietzsche and
Metaphysics."--German Studies Review

About the Author

Peter Poellner is Lecturer in Philosophy at the University of Warwick.

NIETZSCHE AND METAPHYSICS (OXFORD PHILOSOPHICAL MONOGRAPHS) BY PETER POELLNER PDF

Poellner here offers a comprehensive interpretation of Nietzsche's later ideas on epistemology and metaphysics, drawing extensively not only on his published works but also his voluminous notebooks, largely unpublished in English. He examines Nietzsche's various distinct lines of thought on the traditionally central areas of philosophy and shows in what specific sense Nietzsche, as he himself claimed, might be said to have moved beyond these questions. He pays considerable attention throughout both to the historical context of Nietzsche's writings and to subsequent developments in philosophy--English-language as well as Continental.

Serious book for serious students of Nietzsche.

By Neil Delaney

This is a very substantial piece of scholarship, and enjoyable to read. Takes Nietzsche seriously as a rigorous philosophical thinker, somewhat akin to John Richardson's *Nietzsche's System*. Got it for a nice price on

the marketplace.
