Poseidon Tiger Team Go!

By Guy

Poseidon-T is an endearing book. It has sports, giant robots, and monster aliens from outer space. But at it's heart this is a teen-age bromance fantasy through and through. The artwork is crisp and clean and ver cinematic. You can almost see this being made into a feature film. It's a fun read.

lovely & different.

By Iceman Blue

The artwork is great! The colors really set the mood of the of the scenes. (where it goes form a beautiful sunny day, then get washed out by red, and later sickly-green when danger happens). the heroes Gonzalo & Poseidon where really cute together. even though the story was very tame I surprisingly found the romantic scans erotic. The story really built and built... and with that I have to say the ending threw me for a loop...

PG rated sci-fi gay love story.

By Joe H. Justice II

Lacked the x-rated graphics I had hoped to see. Mostly just a sci-fi, gay love story in graphic novel format. No sex happens at all.
