SARA, BOOK 2: SOLOMON'S FINE FEATHERLESS FRIENDS BY ESTHER HICKS, JERRY HICKS PDF

From that opening exclamation, this second Sara novel rampages through chapter after chapter of fun and adventure. Solomon (the owl from the first book who “speaks without moving his lips”) reappears and gives Sara and her classmate Seth a fresh and enlightening perspective on life on this planet. Simply put, these two adventurous, tree-climbing friends dialogue with their ethereal feathered mentor regarding their varied (and sometimes confusing) experiences with parents, teachers, other students, neighbors, and property owners. The clarity, understanding, and wisdom that Solomon gives them results in some surprisingly practical views on the rules of the game of life. This is a must-read book for young people of all ages!

Wow, wow, wow!!

By Billibob

What can i say? Ask and its given! I was only saying to myself the other day how good it would be to find a book on a "fictional" basis that would give me same teachings on the Law of attraction as do the all the other books on the market. i walked into our local department store and there it was, "Sara Book 2" staring at me. I felt compelled to buy it even though i don't like reading a book if i havn't read the first to the sequel. It took me one day to read it and i was so grateful to the universe and E & J Hicks and Abraham for bringing me the book i asked for. Even though i have read so many books and watched so many dvds on the subject, this book was the most profound because its so real and obvious when you read it in a real life context. Everyone can relate to it and no matter what age you are. i've just ordered 3 copies of "sara book 1" as i'm certain it will be just as brilliant, inspiring, and wonderful as "sara book 2". Do yourself a favour and read it and give it your children. If i had a book like this to read when i was growing up, my life would have been SO different. Thank you

Excellent examples

I love the way Esther and Larry Hicks clearly explain how to create good feelings and hold onto them. By using a series of events they describe good and bad events with ways a. Conscious focus on what is wanted and the good can impact lives for the better. I liked these books better than the adult ones!

Wonderful!!!!

By TMC

I have read all three of the Sara Books, they are amazing...and really fun to read. I can't tell you how disappointed I was to finish the third one--because so far, there is no fourth one! (But, I am certain that the Law of Attraction is taking care of that! ha-ha!) If you have children, these are incredible books for them to read, but to the adults--you will feel like a kid again when you read them yourself! Highly recommend these! I'd give the series more than 5 stars if it was possible to do it!

Please keep em' comin'!
