SPIES AGAINST ARMAGEDDON -- INSIDE ISRAEL'S SECRET WARS: UPDATED & REVISED BY DAN RAVIV, YOSSI MELMAN PDF

This letter might not influence you to be smarter, however the book *Spies Against Armageddon -- Inside Israel's Secret Wars: Updated & Revised By Dan Raviv, Yossi Melman* that we provide will certainly stimulate you to be smarter. Yeah, at the very least you'll understand greater than others who do not. This is what called as the high quality life improvisation. Why must this Spies Against Armageddon -- Inside Israel's Secret Wars: Updated & Revised By Dan Raviv, Yossi Melman It's considering that this is your favourite motif to review. If you similar to this Spies Against Armageddon -- Inside Israel's Secret Wars: Updated & Revised By Dan Raviv, Yossi Melman theme about, why don't you read the book Spies Against Armageddon -- Inside Israel's Secret Wars: Updated & Revised By Dan Raviv, Yossi Melman to enrich your conversation?

Review

Best-selling spy novelist Daniel Silva writes: "Buyer beware: Once you crack the cover of Spies Against Armageddon, you won't be able to put it down. It is much more than simply the most authoritative book ever written about Israeli intelligence. It is storytelling and drama of the highest order." --Advance Praise

R. James Woolsey, former Director of Central Intelligence, writes: Raviv and Melman have redefined the gold standard for nonfiction about intelligence. This remarkable history of Israeli intelligence from the War of Independence to Stuxnet calls it straight. By describing the roots of both the triumphs and the screw-ups thoroughly and fairly the authors help us see not only how Israel's survival has been effectively protected but the huge debt the rest of us owe. --Advance Praise

Wolf Blitzer, the CNN anchor, writes: "These two world-class journalists take us to places we've never been before. They back up their points with tons of excellent research and reporting. They clearly know their stuff. I learned so much reading this book. I know you will, as well." --Advance Praise

About the Author

DAN RAVIV has been an award-winning CBS News correspondent for over thirty years, with a Middle East specialty. He hosts a national radio show, CBS News Weekend Roundup. He is author of COMIC WARS, a book about the Marvel Comics bankruptcy and renaissance. YOSSI MELMAN is an Israeli columnist with a worldwide reputation for breaking news on espionage and security. He is author of THE NEW ISRAELIS, THE NUCLEAR SPHINX OF TEHRAN, and other books. Melman is winner of the Sokolov Prize for Journalism (Israel's equivalent of the Pulitzer) and a former Nieman Fellow at Harvard. He organized and participated in ironman triathlons in Israel and has run 30 marathons and 4 ironman competitions. Together, RAVIV and MELMAN wrote BEHIND THE UPRISING: ISRAELIS, JORDANIANS, AND PALESTINIANS (1989), the national best seller EVERY SPY A PRINCE: THE COMPLETE HISTORY OF ISRAEL'S INTELLIGENCE COMMUNITY (1990), and FRIENDS IN DEED: INSIDE THE U.S.-

ISRAEL ALLIANCE (1994). Raviv resides in Washington, and Melman in Tel Aviv. Their articles have appeared in many international newspapers and websites. Wolf Blitzer, the CNN anchor, writes: "These two world-class journalists take us to places we've never been before. They back up their points with tons of excellent research and reporting. They clearly know their stuff. I learned so much reading this book. I know you will, as well."

SPIES AGAINST ARMAGEDDON -- INSIDE ISRAEL'S SECRET WARS: UPDATED & REVISED BY DAN RAVIV, YOSSI MELMAN PDF

Fully updated for 2014 to include tumultuous events in Syria, Egypt, Iran, and the entire Middle East, **SPIES AGAINST ARMAGEDDON: INSIDE ISRAEL'S SECRET WARS** covers more ground than any other book about modern-day Israel. Its 25 action-packed chapters and detailed endnotes are filled with colorful characters, who risk their lives and reputations in the secret service of their nation. This is a history of Israel's espionage and security network from 1948 until the present day, written by the best selling authors of **EVERY SPY A PRINCE: THE COMPLETE HISTORY OF ISRAEL'S INTELLIGENCE COMMUNITY**. This book takes you inside the Middle East crises of today, analyzing Iran's nuclear program and challenges for the United States. The authors also examined U.S.-Israeli relations in **FRIENDS IN DEED**. Dan Raviv is a CBS News correspondent currently based in Washington, and Yossi Melman is an award-winning Israeli journalist based in Tel Aviv. They have a global reputation for being fair and balanced, without exaggeration about Israel's covert achievements -- and some flaws -- in the defense of a nation that always sees itself as embattled. Chapter 1 of **SPIES AGAINST ARMAGEDDON** is titled "Stopping Iran," then come chapters with exclusive and carefully considered history -- showing how the behavior and lessons learned in wars and adventures affect the decisions Israel must make today. Later chapters focus on the secret bombing of a nuclear reactor in Syria, the murder by a Mossad team in a Dubai hotel (Was it a mistake?), and blasting the Steven Spielberg movie "Munich" for making it look like Mossad hit men suffered frustration and regrets. **SPIES AGAINST ARMAGEDDON** is well researched, balanced, and a remarkably enjoyable read

Comprehensive and thrilling account of history of Mossad

By Alan A. Elsner

This detailed and exciting account of the history of the Israeli secret services, including the Mossad, the Shin Beth and others less well-known to the public, should be required reading for anyone interested in the history and politics of the Middle East. It is even more relevant because its opening chapter deals with the ongoing Iranian nuclear crisis and Israel's clandestine efforts to derail and delay the Iranian nuclear program.

The book clearly benefited from detailed interviews the authors conducted with leading players, some now deceased. The authors themselves are a winning team of a well-known Israeli reporter and a veteran American correspondent (full disclosure, I was a reporter in Israel for several years in the 1980s and knew one of the authors quite well.)

Starting with the founding of Israel in 1948, the book runs through some well-known episodes such as the kidnapping of Adolf Eichmann from Argentina to stand trial in Jerusalem. But there are many other vignettes that were unknown to me -- and I consider myself something of a professional student on Middle Eastern history. There is a comprehensive account of how Israel built its own nuclear program with help from France and others. The story of how Israel managed to persuade an Egyptian Air Force pilot to defect, bringing with him his top secret Soviet plane, could be the subject of a fantastic movie all by itself. Thus, Israel became the first Western nation to acquire a Soviet MiG-21 and it was a treasure trove for U.S. intelligence.

In another chapter, the authors describe Israel's success in protecting its civilian aircraft from hijackers and bombers -- and America's refusal to imitate some of the Israeli techniques despite repeated warnings. Had our leaders listened, we may have averted 9/11.

The authors show that contrary to popular opinion, the Mossad has generally been reluctant to kill its adversaries. It preferred to threaten and deter them if possible, with assassination a last resort. But they state unequivocally that Israel has been behind the murders of several Iranian nuclear scientists in recent years.

There is also a vivid and full account of the decision to destroy a Syrian nuclear plant in 2007. I had no idea before reading this account how close the Syrians were to developing a weapon. Their graphite reactor would

have gone operational and started to produce plutonium within weeks had the Israelis not taken it out in September 2007.

The Mossad and especially the Shin Beth are not perfect. They have made major blunders -- such as failing to anticipate the start of the Yom Kippur War. The Shin Beth fell victim to excessive brutality against Palestinians in the territories and mishandled the two Intifadahs. Israel has made strategic decisions, such as invading Lebanon in 1982, that produced short-term success and longer-term disaster.

But what comes across to me most vividly in this book is the resourcefulness, courage and sheer inventiveness the men and women of these services have so often displayed. Israel is still at war, surrounded by enemies who wish to destroy it. These secret services are on the front lines. Often, what they do averts greater threats through their ingenuity.

Since its early days, Israel has developed a doctrine of not relying on others for the defense of the nation. This doctrine comes out of the painful lessons learned during the Holocaust. But the Iranian crisis is testing many long-held beliefs and assumptions, confronting policy-makers and especially the Prime Minister, with one of the most agonizing decisions any Israeli leader has ever faced.

This book will make readers more aware of the stakes, the opportunities and the dangers.

Excellent book, despite some political bias and some disorganization

By Paul Arking

As an enthusiast of Israeli history, especially when involving intelligence or espionage operations, this book was a wealth of information, an unprecedented compendium from minor anecdotes to major sagas detailing the history of the Mossad, the Shin Bet, Aman--their heads, their operations, their rivalries, their politics, their offshoots and affiliates (Kidon, Sayeret Matkal, etc.), their successes, their failures, and more. While some of the stories are known legends (e.g., Osirak, Entebbe, Eli Cohen), I am quite certain that this book will contain quite a few heretofore unknown stories and details for most. There were also quite a few details (e.g., some regarding the Syrian nuclear reactor operations) that really caught me by surprise.

That said, I only have two complaints. The first is one of politics. The authors apparently take a left-of-center political position and from time to time make no effort to hide it. While most politicians in the books are simply named, many of the Likud politicians have the "right-wing" descriptor prepended to their names, as does the Likud party itself (a simple search will reveal that "right-wing" turns up twice as many times in the book as "left-wing" does). As another example, Ariel Sharon is unabashedly and overtly scorned in part of the book with a tangential anecdote that needn't have been cited and, having been cited, needn't have been done so in such a wryly opinionated way by the authors. Even references to Obama (and his not-so-subtle anti-Israel actions) seem slightly overly forgiving, excusing, and optimistic. Granted, these things are only little, random bumps in the long, generally smooth road of an enjoyable book, but they still feel unnecessary and serve as tiny unwelcome jabs reminding the reader that this book could have been just a wee bit better had it been written without those little references.

The second complaint I have is one of organization. While the stories were highly informative, interesting, and entertaining, they were also seemingly all over the place with segues or threads sometimes hard to even detect or identify. It was not written ordered chronologically, nor was it written grouped by subject. It seemed to bounce sometimes back and forth through the decades, back and forth across the different intelligence organizations, and back and forth across topics of concern to Israel. Would it have had a more identifiable sequence, I would have enjoyed it much more so.

Those two complaints notwithstanding, though, this was an excellent book and one I would recommend to just about anyone--regardless of one's position on Israel, politics, or even one's enthusiasm for historical books, as this was far from your typical, dry narrative. In fact, I read it in only a few days, not having been able to put it down for very long at a time!

Wow, couldn't put it down

By Potomac

Being very familiar with the history of the Israeli intelligence services, I found this book to be a trough of new, fascinating information. I highly recommend it to any one who is interested in espionage and Middle East affairs.
