Very informative and helpful, but all pictures are black ...

By Heather

Very informative and helpful, but all pictures are black and white! It's a book about makeup!! Makes no sense to me

33 of 37 people found the following review helpful.

New, but not improved.

By Pam Richey

While this book remains a "bible" in its field, my students complain about the price and the lack of color demonstrations. I was hoping the Ninth Edition of this book would have more color photos spread throughout the chapters, but the format has remained very much the same, with many of the same demonstrations and photo descriptions. The new chapters for film and television are a breath of fresh air and I applaud the new techniques additions.

19 of 20 people found the following review helpful.

An outstanding and complete resource for Theatrical Makeup

By A Customer

For both the amateur and professional, alike, Richard Corson's "Stage Makeup" is an essential resource for both the makeup artist and the performer. In my 35 years of experience in the performance industry, I have found no other single resource that is so well illustrated and written. -Ed Thurber- Marlboro Theatrical Technology
