... in some of the answers section I am still glad I made the purchase

By Chell

Although there were some printing errors in some of the answers section I am still glad I made the purchase. Arrived earlier than expected.

An absolute MUST for A&P I and II

By Paul Levin

There is no way I would have passed this class without this book. It contains tons of problems and questions directly related to each section of the text book. By doing all of the problems I was able to learn the material without much further study. The fact that my teacher took most of her test questions from this book was also a big bonus.

One Star

By McKenna Fohl

No this didn't work out for me. I sent it back but still haven't gotten my money back.
