To read this book you are going to need a passion for the truth.

Mike Robinson uses words as a trigger to take you on an inner journey to realise this truth for yourself. He leaves nothing hidden, and the forces that govern this planet and all material life are revealed.

These three traps are responsible for all the wars, greed and separation between one human and another. It is said that we only learn through suffering, but this statement must be a lie, because the human race has suffered for thousands of years and still we have learnt nothing.

Humanity needs to know the truth of what is really going on because the illusion is killing us.

The book of a lifetime!

By Colette

If you could only pick one book for this year, this is the book. It is actually the book of a lifetime. The True Dynamics of Life is absolutely amazing! It takes you on an in-depth search of who you are, what is your true essence, and how to get free from the beliefs, thoughts, and judgements that keep us in a cycle of pain. It allows you to take charge of your life and find the depths of love. Read it yourself, recommend it to friends, share it with family, and anyone that truly wants to live a life of love. It helps us recognize the amazing difference we can make within ourself, our family, community, and world. Enjoy this profoundly beautiful book!

Mind Blowing..quite literally

By Jo Wynn Designs

This book asks you to read it without judgement. If you can truly do this and read it with an open mind and heart then your life could change forever. If you have asked yourself these kinds of questions - 'what am I here for?' 'Why is there so much suffering in the world?' then this is the book for you. It can really change how you see the world and show you how each and every one of us have to make a change to really stop the pain and suffering on this planet. If you buy one book this year...make it this one...it'll change your life forever.

Love & Truth

By sunshine

You lie awake in the middle of the night crying silently into your pillow. So many things in your life don't make sense. You look at the world and it seems ludicrous too, with division, separation, needless slaughter of innocence. Something inside you is screaming in pain. By day you hold it together...just, for there are expectations, striving to be a somebody or other, hierarchy levels to fit into, labels and roles to 'play'...nonsense...surely this cannot be the truth? 'Will someone please tell me the truth!' Your egoic mind doesn't care about you, for it feeds off your fears and lack of self worth to stay alive. 'No more, no more' you cry, you deserve to know the truth!

'The True Dynamics of Life' by Mike Robinson & Jo Le-Rose is written with hearts of love. Love and truth pour out of every page. You have lived your life from a space of lies, fears, pretence and illusion, without realising it. The egoic mind fights for its survival creating dramas and fears to cripple you into submission. But inside you the light is dawning, there is no stopping you now, passion of the truth in your eternal being is breathing love into your life again. You are sustained with courage, strength and passion that you never believed possible. From the first point of non-love you have avoided feeling pain and rejection and lived a

lie, a survival and coping game... a living death of pretence.

The pain of not knowing the truth has become unbearable. Do you care, or are you too self-absorbed to care less? Careless with love is to deny the very essence of your being...the truth of who and what you really are...Love.

If your heart is open to the truth this beautiful book will speak to your heart and you will know the love that emanates its pages. ' This book has the potential to change the world, and it puts 'You' at the heart of that change.'

With deepest love and thanks to Mike & Jo, Pat x
