It was Unexpected

By BarefootinCali

You do not see IR books with a BW/AM, ever. The closest that I can think of is the Battaglia Series by Sienna Mynx, but I am stretching that. Because of this, I immediately bought the book. The story was fun, I enjoyed. It was your typical boy (who happens to be a major int’l pop star) meets regular working class gal who has no clue who he is at first then the normal situation of how can she fit in his world? Will she be accepted? Yes, a predictable story line, but with BW/AM twist. I like learning Korean words. (Although I still don’t know the translation of Jahgi. I will have to reread, I may have missed it.) The band members were fun and would love to read a short side story on all of them. I am interested in K-Pop so I had my own

visuals, the fictional band in the story, T4L it was Super Junior/M and Big Bang. (For G.K. my visual was the rapper G-Dragon.) For the hero Kai, my visual was the hottie in the Fast & Furious movies Sung Kang, sometimes Daniel Dae Kim. I had to give the author a ding for the grammar/spelling errors found in the book. But overall, it was an enjoyable little read. Thanks Ms. G. Oh, and if anyone knows of any IR books with a BW/AM let me know, would love to read more.

Ahh! Loved It!

By Athena

This was a really great read. I loved Noel and Kai and just couldn't put the book down. Although both hero/heroine were young, early 20s, I found them to be responsible and knew what they wanted. There were minimal drama and the Kai's band mates were very fun and supportive. I would love to read more about Noel and Kai as they grow together, especially if Noel is making her home in Korea.

Highly recommended!

Totally, like totally, unexpected!! And freaking AMAZING!!!!!!!!!!

By Barkbad

I absolutely LOVED this book!!!! After getting halfway, yes halfway, through this book, I stopped where I was at and returned to the beginning to burn this romance into my memory (I have never done such a thing before). Perhaps it's my love for heroines who are dark skin, curvaceous, hard working women or because I love me some hot Asian guys (shout out to the hot Asian guy in the Fast and Furious movies!!), but I found this story to be soooooo amazing!!!! This writing was so descriptive that I felt like I could see the concert scenes playing out before me - now that's true talent, Sarah G! And the love scenes were freaking HOT!!! So hot that I had to reread their first encounter several times - yes, people, it was that hot!!!!!!!!!!!!!! And I so enjoyed all the supporting characters, esp all the other band members!! Sarah G, I beg of you to pick up the pen and give G.K. the love of his life.....and please make her a sister:--)

I haven't read a book this addictive, yes addictive people, since "The Beast" by Pepper Pace! No doubt that I will read this book over and over and over again!! Yes, there were some grammatical errors; however, they did not take anything away from this story! I searched and saw that this is your only IR romance published - please don't make it your last. I know true talent when I read it (hello Pepper, Sienna, Latrivia), and I so see you being included in that group one day. I am so looking forward to the next book (G.K. story hopefully) and thanks in advance!! Sarah G, I don't do this often and especially not for an author that I just encountered; however, I must give you a standing ovation for this one!!!!!!!!!!!!!!
