A real eye opener

By Glenn Watkins

Tony does a great job presenting how we all are in a battle that we're unaware of most times. This is a great study on how to recognize spiritual war and then more importantly how to deal with it.

Positive

Very in depth study on Ephesians. Gives you the tools to fight the everyday unseen battles around you. Great learning experience!

Impressed by the book, not the workbook

By Messiah's Misfit

I find the workbook to be a bit hard to follow and use. I could be wrong, but I found that the questions and answers were hard to find in the book and didn't follow the book... however, the book is awesome and worth reading! I have an educational background, have taught college courses and wouldn't have put the workbook together in the same manner (but the information is very useful).
