Hints for Establishing the Voracity of the Bible

By Marcy

This is an excellent resource for people who converse in public places about Biblical issues. The last two chapters are the best. The others seem to me more wordy than is necessary to make a helpful point. So read the last two chapters first!

Misleading Title

By Beth Tebe

This book contains thoughtful, well-stated, fully expressed apologetics. However, its catchy title and trendy cover is misleading; it implies that the book is a reader-friendly guide to answering tough universal questions about God. In this regard, Copan's book really misses the mark. It is written more for the academic rather than your average Christian caffeine addict, like myself. So, if you could use some help giving tangible, biblical responses to questions like "If God is good, then why is there so much suffering?" then I recommend Randy Newman's book *Questioning Evangelism*. After you read it, bring a seeking friend to the nearest Starbucks, and start a "God" conversation over a cup o' Joe.
